After appearing in many TV commercials herself, she studied Film and Television at the prestigious Vancouver Film School in Canada where she worked as an actress and coached many of the top Canadian Film actors for auditions. Since returning from Canada 7 years ago Bonnie has acquired the reputation as one of the top performance based casting directors in the industry for local and international TV commercials, TV series and feature films.

We at **CAITLIN'S CASTINGS** value your support in registering with us and are aware that most of our artistes are not professional models or trained actors, and it is for this reason, that we offer this type of training that will provide amazing insight and knowledge of the industry.
